**Description :** Dubai is a land of marvels and one cannot get enough of it. While the tallest building, the largest mall and the largest indoor theme park, amongst other things, would keep you hooked to this marvellous city, the Museum of Illusions, a recent addition, would surely leave you spellbound.

The Museum of Illusions is as unique as it sounds and offers the visitors extraordinary sensory and visual experiences while being educational. The best part about this place is that unlike other museums, you do not have to be cautious about what you touch. On the other hand, this is an interactive museum and the more you touch and engage with the exhibits, the more fun you would have.

Feel your head spin around in the Vortex Tunnel and experience growing short and tall within seconds in the Ames Room. Learn about the laws of perception at The Chair Illusion and check out how you really look like by looking into the True Mirror. Apart from this, The Bottomless Pit, Head on the Platter, Rubin's Vase, Rotated Room, Anti-Gravity Room, etc. would make sure that you have a great time. The Museum of Illusions is great for people of all ages. If you want to have a fun time as well as learn something new, book this tour with us today!
